

## PLANT VARIETY PROTECTION ACT

The Plant Variety Protection Act of 1970 and as amended in 1994 allows the developer of a variety to prohibit the sale of or advertising for sale of seed of that variety without permission. Under this act the developer may also require that the seed be certified. Sale of these varieties without meeting these requirements is illegal.

<sup>1</sup>All yield data from Ohio State University, Department of Horticulture and Crop Science, Series 228, July 2008.

<sup>2</sup>S - Susceptible; MS - Moderately Susceptible; MR - Moderately Resistant; R - Resistant; E - Excellent; VG - Very Good; G - Good; F - Fair. Ratings based on a combination of company release notices and university ratings. Leaf Rust and Powdery Mildew reactions scored during 2004 and/or 2005. Obtain new information each year due to expected changes in reactions over time.
